

FROM LABS TO LEARNING

Middle and High School Teachers creating Problem-Based Learning Units from Ocean Acidification Research

Discover and learn about ocean acidification - what it is, how to teach it, and how it will impact the Gulf of Mexico. This workshop is a hands-on experience to give teachers the expertise and tools to provide cutting-edge and exciting curricula in their classrooms. This workshop is limited to eight teachers.

Let's give our students the knowledge to understand oceans and their future.

JULY 11-15, 2022
PORT ARANSAS, TX

\$900 STIPEND
\$100 supplies, 40 contact hours
